correct. Mrs. Hannah M. Bear died in April, 1915, and Mr. Christian Bear died June 10, 1924. I know the lands of which the said Hannah M. Bear died seized and possessed; consisting of two parcels aggregating nearly 36 acres, situated in Woodville District, Frederick County, and mentioned and described in these proceedings. They are worth in my judgment about \$50.00 an acre, or a total of \$1800.00. Said lands could not be divided among her children and grandchildren without loss and injury, because there are too many of them and to so divide it would cut the land into too small parcels for advantageous sale or cultivation.

To the General Interrogatory:

Nothing further.
